RE: Request to film at Castle and Cooke on Wednesday, April 25, 2018- revised

Dear Mr. Nene:

Per our conversation, CBS Television Studios, A Division of CBS Studios, Inc is requesting permission to shoot scenes of an upcoming episode of "NCIS" at Castle and Cooke on Wednesday, April 25, 2018. The scenes would take place in the area between hangar 11 and 12 (also known as 7501 and 7520 Hayvenhurst Ave).

We would also use the adjacent west gate arm adjacent 7520 Hayvenhurst for a scene as well.

The approximate hours of prep, shoot, wrap:

Prep: 2:00PM-4:00PM

Shoot: 4:00PM-2:00AM

Wrap: 2:00AM-3:00AM

Additional Wrap time on leasehold's area only: THURS 4/26/18 7AM-10AM.

We would plan to use Airtel Plaza for our basecamp, catering, and crew parking on the day as well, starting after 9:00am. Our caterer will be cooking in their truck and a possible bar b que just outside their truck. Eating and a school room for 10 kids with their parents to be held in two sections of the Concorde Ballroom.

During the shoot period, the number of personnel including cast, crew and extras on the leasehold area will be approximately 110 people.

Per our story, the filmed area will be utilized as a private airfield located in the east coast containing a jet. Our first part of the day, we will be filming inside a jet we will have towed in from Signature East. In the evening hours, we will plan to shoot scenes of our agents driving up to the plane (from the east and the west as shown in diagram), to block the plane. Weapons would be brandished in this scene.

While the jet will be placed just north of the "red line" section between the two hangars, we would like one of our cars to drive up just in front. (Please see updated diagram). This Jet is being towed in from Signature (1992 Gulfstream IV, FAA #N786CM)

A wetdown in the area is requested as well. Please see diagram.

During these scenes, we would request use of condors to “bag” lights that are on the exterior hangars. Condors will be placed within eight feet from an existing structure, and will never exceed the height of the nearest structure. All lighting will be done in accordance with Airport Operation’s requirements, will not interfere or obstruct incoming or departing aircrafts or FAA Tower.

We are also securing a lane closure on Hayvenhurst outside the 7520 gate. We would like access thru this gate as well during the hours noted above. We will also be parking on Saticoy and Hayvenhurst (East), and may need access periodically from the Saticoy gate.

Our approximate list of equipment trucks and base camp trailers are as follows:

On Leasehold and NVOC Aviation School areas:

- 1 5-Ton Camera Truck
- 1 10-Ton Grip Truck
- 1 Craft Service cube truck
- 3 generators
- 3 stake beds
- 5 15 passenger vans
- 1 4 unit toilet trailer
- 2 Condors
- 1 Camera Crane
- 1 Set Dressing stake bed
- 2- 5-ton Construction/set dressing
- 4 picture vehicles
- 2 water trucks for wet down

At Airtel:

- 1 45-Foot Prop Truck
- 1 45-Foot Electric Truck and Generator Tractor
- 1 27-Foot Effects Trailer and Tractor
- 1 Catering truck
- 1 Catering support truck
- 1 Fuel truck
- 8 2-room cast trailers
- 2 wardrobe trailers
- 1 make up trailer
- 1 Honeywaggon
- 100 crew cars

Vehicles will not drive more than five miles per hour when approaching parked jet. CBS Studio’s cast and crew will follow onsite VNY Airport Police and Operations staff instructions at all times.

Thank you for your assistance. I can be reached at 818.430.7526 for any questions. Jim can also be reached at 661.312.3944.

Very Respectfully,

Joel Sinderman
